

SAFE - EFFICIENT - POWERFUL - WATERPROOF - AFFORDABLE

SUREFOOT
2-BEAM SAFETY LIGHT

The primary beam shines forward, the secondary beam shines downward

Secondary beam shines downward providing illumination to the foot path so you can safely see where you are walking.

A first-class tool for poorly lit work areas. The primary beam (170 lumens) shines forward, the secondary beam (20 lumens) shines downward. There is no loss of burn time (8 hours) when using both beams together.

Mounts to several work helmets with UK helmet clips

Switch	Front switch for primary beam & turn bezel switch for secondary beam
Lumen	170 (primary beam) / 20 (secondary beam)
Burn Time	8 hours
Batteries	4AA Alkaline
Size	15,75 x 4,06 x 3,56 cm
Weight	148 g
Certification	ATEX Zone 1 pending

Part 514650 - safety yellow, incl. 4AA batteries

Particularly recommended for use in civil engineering, sewer construction, road building, heating, sanitary and electrical engineering and metalworking

2AA Z2
Lightweight Work Light with 2 light intensity settings

When every gram is critical! Compact size, concentrated beam of light and two light intensity settings.

Use the 2AA Z2 with 100 lumens if you need a large amount of light in the workplace or a maximum view, and reduce it to 10 lumens for close-up work or if you simply need to read forms, operating instructions etc.

Mounts to several work helmets with UK helmet clips

Switch	Rear switch
Lumen	100 (high) / 10 (low)
Burn Time	5 hrs (high) / 40 hrs (low)
Batteries	2AA Alkaline
Size	10,67 x 4,06 x 3,56 cm
Weight	99 g
Certification	Zone 2: II 3G ec ic IIB T5; II 3D ic IIB T99°C

Part 515517F - safety yellow, incl. 2AA batteries

Particularly recommended for industrial safety

4AA HERCULITE
Hand- & Helmet Light, chemical resistant

Designed and manufactured using materials resistant to acetone, battery acid, brake fluid, diesel fuel, ethanol, coolant, petrol, grease, hydrochloric acid, methyl ethyl ketone and hydraulic fluid and with 180 lumens better suited for use in workshops than any other hand-held torch.

Mounts to several work helmets with UK helmet clips

Switch	Rear switch
Lumen	180
Burn Time	8 hours
Batteries	4AA Alkaline
Size	15,75 x 4,06 x 3,56 cm
Weight	158 g
Certification	Zone 2: II 3G ec ic IIB T4; II 3D ic IIB T132°C

Part 514611F - red, incl. 4AA batteries

Particularly recommended for use in workshops, shipyards and offshore facilities
