Portable Fillet Welding Carriage - MOGGY® and Magnetic MOGGY®

- Ideal for automatic horizontal fillet, lap and butt welding operations
- Controls are available to perform continuous and/or stitch weld operations
- Dual gun holder assembly is available for efficient simultaneous welding
- Wheels on the standard Moggy can be reversed to allow the moggy to run on standard v-groove track
- The magnetic moggy has a magnetic base that clings to the vertical member for out of position applications

MOGGY® Automated Trackless Welding Carriage

The Gullco MOGGY® friction drive
