

2212 : Multi-Material Internal/External Reamer

The + product :

Reaming of all types of tubes (copper, stainless steel, aluminium, steel, hard plastics, multi-layer).

Internal and external reaming of the tube.

Precise reaming (due to its large number of small steel blades).

Ergonomic (easy handling, aluminium finish).

Description

For copper, stainless steel, aluminium, steel, hard plastics and multi-layer tubes:

Ø 8 to 35 mm/ 5/16" to 1.3/8" for 221251,

Ø 12 to 54 mm/ 1/2" to 2" for 221252.
