

# DATA SHEET

## TGM 40230 Handy

098-003412-00500

- Portable tungsten electrode grinder
- For use at the welding site
- Simple operation, high efficiency and quality
- Diamond disc grinding surface can be used at three positions
- 99.9% of grinding dust is captured
- **Scope of supply:** Transport case; electrode holder; collet chucks for 1.6 mm, 2.4 mm and 3.2 mm electrodes; Allen keys (4 mm and 8 mm); open-ended spanners (13/17 and 13/14); disposal bag for disposable filters; operating instructions

Electrode Ø	0.8 mm - 4 mm
Version	1 x 230 V / 50 Hz
Diamond disc diameter	40 mm
Rotational speed	8000 U/min - 22000 U/min
Standards	DIN 8575
Weight (without accessories)	2.5 kg
Grinding angle	15 ° - 180 °
Electrode length, max.	175 mm
Approvals	CE
