

501D Water Cooled

CE EN 60974-7

Cooling: Water Cooled

Rated Current: 400Amp CO2 , 350Amp MIX

Wire Size: 0.8-1.2 Duty Cycle 100%

501D Water Cooled

Main characteristics

- Ergonomic handle.
- Front and rear cable protection spring.
- Articulation to ease cable bending.
- The qualities of compactness and light weight with great reliability.
- Time-saving torch changeover due to the central adaptor system.

Material Number	Product Description	Smallest Packaging
1	501D Welding Torch, 4M,16mm ²	1
2	501D Welding Torch, 5M,16mm ²	1

No.	Product Description
1	Gas Nozzle Φ16mm
2	Contact Tip Φ1.2mm/M8x30mm
3	White Ceramic Gas Diffuser 501D
4	Contact Tip/Holder/M8x25mm
5	Torch Head 501D
6	MIG Handle/Blue
7	Trigger Red
8	Screw M3x10
9	Closing Ring/Grip Handle
10	Joint With Spring
11	Cable Group 3m/501D
12	Joint With Spring
13	Closing Ring/Grip Handle
14	Back Box For Water Cooled
15	Hose Support For Water Cooled Rear Box
16	Screw M4x6
17	Gun Plug Nut/Black
18	Euro Water Cooled Adapter
19	Liner Nut
20	Steel Liner Φ1.2-1.6mm/3m
21	Spanner for MIG
22	Clamp Φ9.5
23	Clamp Φ8.7
24	Quick Connector Water Φ6mm
25	Plastic Support For Water Cooling Connector /blue
26	Plastic Support For Water Cooling Connector /red
27	EPDM Tube M5x8mm 0.8m/red
